

ConfirmChoice

A Background Screening Company

Helping *CLDA* members make well informed decisions about Employees, Drivers, and Independent Contractors!

As a member and committed partner of the *CLDA*, Confirm Choice is focused on assisting the expedited delivery industry with *timely, accurate, and federally compliant* background checks to help our clients make well informed decisions. The owners of Confirm Choice spent over 25 years in the same day delivery industry while working for, and then owning their own courier company. Aware of the challenges of making sure that a background screening program is conducted properly, they have now built a team of industry experts to help the courier businesses that they worked with during their time in the industry.

Confirm Choice is a national provider of background screening services that enable organizations to make well informed decisions. We do this through a comprehensive suite of services that include criminal searches, motor vehicle records, employment/education verification, drug screening and more. As an active member of the National Association of Professional Background Screeners (NAPBS), legal compliance, privacy protection, accuracy, and superior customer service are a constant daily focus.

"Accuracy and timeliness are essential in the courier industry, especially when it comes to screening our driver's. Confirm Choice has gone above and beyond to provide accurate and timely results so we can get the job done by people we can trust. This is the company to contact for exceptional screening services."

Chuck Moyer
President, Express Courier

So why does the courier industry look to confirm Choice for their background screening needs?

- Compliance with all Federal and State regulations.
- Superior turnaround time on reports so that our clients can make fast and well informed decisions.
- Accurate sources of information all across the country and internationally.
- Flexibility and knowledge to design a background check program tailored to meet each of your client's unique requirements.
- The executive team at Confirm Choice has been in your shoes and understands the challenges you face each day to ensure the success and profitability of your company!
